The Scouts of Greece is the largest and oldest co-educative youth organisation in the country, involving more than 20,000 members in Greece and Greek communities all over the world.

The Ancient Greeks are also the founders of many things we value today, with the arts, sports, medicine, law, language, science, mathematics, philosophy, buildings and even some inventions, having all been greatly influenced by the Ancient Greeks.

Dress yourself like an Ancient Greek and see what you can invent whilst wearing a toga. There are many ways of tying a toga, see this link [here](#) and have a go with your nearest bed sheet.

Accessorise your outfit in whatever way you like – maybe make some jewellery yourself.

Reflection:

The toga was a status symbol, not only in the type of fabric and colour, but even how it was worn became a mark of a person's distinction and familiarity with the fashion of the moment.

How are the fashion and clothes of today similar to the toga...

Does what you wear make a difference?

Does what your fashion choice are show you are a part of a certain group in society?

Safety Notes:

Online Access: Supervise young people when they're online and give them advice about staying safe.
