

CRAFT BOX

CAMP- CAMP FIRE MODEL

This activity is for Cubs
but any section or leaders
could take part too !

Cub Camp Challenge

What you need:

- Large Drinks Bottle (textured is good)
- Flickering Tealight (battery operated)
- Orange and Yellow Paint
- Paint Brushes
- Stones and Twigs

How to make it:

1. Prepare the plastic bottle by removing all the labels and sticky residue.
2. Carefully cut the bottle to the height of the campfire, removing the narrow neck and the bottom of the bottle. It makes the campfire look more realistic to keep some of the shape of the bottle as it tapers in towards the neck.
3. Paint on the flames making sure that some of the clear plastic is not painted at the top so that it resembles real flames licking up the side of the bottle.
4. Leave to dry.
5. Place the tealight on a flat surface and turn it on.
6. Cover with the painted campfire.
7. Decorate the scene with twigs and stones surrounding the fire to resemble a real campfire circle.

Get more Crafty:

Create some fake "S'mores" using spaghetti and cotton wool.

Safety Notes:

Scissors / Sharp Objects: Supervise young people appropriately when they're using scissors. Store all sharp objects securely, out of the reach of young people.

Glue and Solvents: Supervise young people appropriately when they're using glue and solvent products. Make sure there's plenty of ventilation. Be aware of any medical conditions which could be affected by glue or solvent use and make adjustments as needed.

Rubbish and Recycling: All items should be clean and suitable for this activity.
