Scout Camp Challenge

What you need:

- Access to the Internet
- Paper
17cm x 17cm
- Scissors
(to cut the paper into a square)

How to make it:

Paper was first invented in China around 105 A.D. and was brought to Japan by monks in the sixth century.

Handmade paper was a luxury item only available to a few, and paper folding in ancient Japan was strictly used for ceremonial purposes.

1. Follow the steps in this step-by-step instruction video to make an origami tent: [click here](#) to watch the video.

Get more Crafty:

This activity is already as extreme as it gets, but if desired a tent could be made and given as a gift to each leader in the Scout Group as part of a thanks ceremony at a meeting.

Safety Notes:

Online Access: Supervise young people when they're online and give them advice about staying safe.

Scissors / Sharp Objects: Supervise young people appropriately when they're using scissors. Store all sharp objects securely, out of the reach of young people.
