

# CHALLENGE BOX

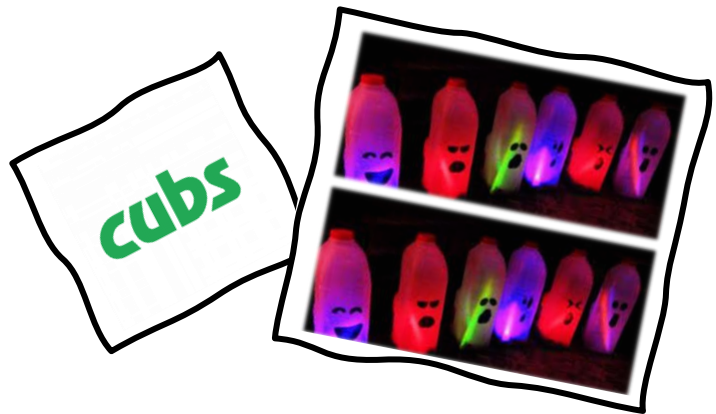

## MILK BOTTLE FAIRY LIGHT TRAIL

This activity is for Cubs  
but any section or leaders  
could take part too !

### Cub Milk Bottle Fairy Light Trail

#### What you need:

- Plastic Milk Containers
- Glo-Sticks
- Black Chunky Permanent Marker
- Water

#### How to do it:

Make these lanterns to light up your garden or why not set up a "Fairy Light Trail" for others to follow in your garden to lead to some treasure to share.

1. Wash some empty milk containers, making sure they are totally clean.
2. Using a chunky black marker pen, draw faces onto the containers.
3. Fill the bottles half full with clean water (to act as a weight) and add some stones too if the weather is windy.
4. To illuminate the bottle fairy light add a Glo-stick or two to each bottle and replace the lids.
5. Lay the bottles out in the daylight to form a trail or just to decorate the garden – but don't activate and add the Glo-sticks until it is almost dark, so that you get the maximum life of the Glo-stick at dark.

#### Reflection:

"Share your smile with the world. It's a symbol of friendship and peace." – Christie Brinkley

"Let us always meet each other with a smile, for the smile is the beginning of love." – Mother Teresa

Why not draw SMILES on all your fairy lights and think about the things that make you smile and talk about this with your family as you follow the trail.

#### Safety Notes:

All activities must be managed safely, and equipment used for the purpose intended.
